

Something for Everyone

In the arena of dance, our goal is to provide a relaxed, comfortable, fun atmosphere for people to learn how to dance, refine their dance skills, socialize with friends and make new friends who enjoy the same hobby.

FundaMentals is a comprehensive program designed for beginner/new dancers or those who want to revisit basics or learn a different style of dance. The program includes **Ballroom** (Foxtrot, Waltz), **Latin** (Salsa, Cha-Cha), and **Swing** (East Coast, West Coast, Hustle). The workshops focus on frame, posture, hand positions, foot placements, rhythms, lead-follow, and turn tips associated with different styles of dance.

Be assured that workshops will be offered for all levels of dancers. Learn new amalgamations for a favorite dance or start to learn a new dance. The schedule features several progressive series of sequential workshops. This model enables you to focus on the intricacies of one dance over an extended time frame and allows you to gain in-depth understanding of a particular dance. Workshop descriptions will be available on the website prior to the weekend.

Regardless of your level of dance, we promise that you will gain understanding and insight into 'how to enhance your level of dance'. The Tips 'n Techniques offerings guarantee that we can fulfill the promise. More than 80 workshops are available throughout the week.
